

A Special 20th Anniversary RAP in Honour of Noel Martin

Refrain:

**Champion, champion, Noel Martin's a true champion,
Came back from the worst – that's a champion,
So we have to send a verse for the champion. (2x)**

If you really knew what he went through,
If you had a clue what he's seen,
You'd salute Noel Martin too,
As the champion that he's been,

If you've seen the work of the charity,
You'd probably ask yourself how
You didn't already have clarity
That Noel is a champion now.

Refrain:

**Champion, champion, Noel Martin's a true champion,
Came back from the worst – that's a champion,
So we have to send a verse for the champion.**

A beacon of light in the darkness,
A clear message that has to be heard,
Different races shouldn't be fighting,
In Birmingham or Brandenburg.

I'm learning from Noel Martin,
To get past what I've been through,
I ain't there yet but I'm starting,
And you can be a champion too!

Refrain:

**Champion, champion, Noel Martin's a true champion,
Came back from the worst – that's a champion,
So we have to send a verse for the champion,
Champion!**
