Subject: Request for reopening Complaint 140/2004/(BB)PB / new complaint

Dear Sir,

I hereby request the reopening of my Complaint 140/2004/(BB)PB.

In your decision of 6/6/2005 you treated this complaint only partially as for the other parts I had brought an action before the European Courts. In point 1.9. of your decision you stated: "If however, the complainant's action before the Court of First Instance is either dropped or rejected by the Court as inadmissible, the complainant would be free to complain to the Ombudsman again".

My action T-4/05 was rejected as inadmissible by decision of 22/3/2006. My appeal C-237/06P against this decision was rejected by the European Court of Justice by decision of 8/3/2007 about which I was notified today (available at: http://www.whistleblower-net.de/EUGH_C237_06.pdf).

I therefore consider that now you could reopen Complaint 140/2004/(BB)PB for the issues not yet treated in your earlier decision.

I would also agree if you consider this Email together with the material I provided you already in 140/2004 as a new complaint.

Would it be possible to change the language into German?

Best regards,

Guido Strack
